SCHEDULE OF EVENTS - FRIDAY, MARCH 8, 2013

Norman Kenyon, M.D. ’56

Norman Kenyon, M.D. has deep ties to the University of Miami where he was the first class president of Student Government and part of the first inaugural class of 1956 to graduate from the University of Miami School of Medicine. Dr. Kenyon returned to the University of Miami to complete his residency training in General Surgery and subsequently completed a Fellowship in Cardiovascular Disease at UM/Jackson.

He has served on the Board of Trustees for Baptist Health South Florida, Larkin Community. Dr. Kenyon is a proud member of Iron Arrow and the Alpha Omega honor societies as well, and is a proud recipient of the University of Miami Teaching Award and the prestigious Anastasia Award by the UM Medical Alumni Association.

2:00 – 5:00 p.m.
Medical Campus Registration
Schoninger Research Quadrangle
1095 Northwest 14th Terrace
Miami, Florida 33136

Biltmore Hotel Check-in*
Front Desk, Main Lobby
1200 Anastasia Avenue
Coral Gables, Florida 33134

2:30 – 4:00 p.m.
University of Miami Tissue Bank Tour
UM Life Science and Technology Park
1951 Northwest 7th Avenue
Miami, Florida 33136

Located in the Life Science Park, the UM Tissue Bank provides allograft tissue to recipients in dire need around the world.

3:00 – 4:00 p.m.
Medical Campus Tour
Student-guided tours of the medical campus are offered. All tours will leave from the registration area.

5:00 – 6:30 p.m.
John G. Clarkson
Freshman Pinning Ceremony
Schoninger Research Quadrangle

Now in its 13th year, this ceremony has become a treasured tradition, emphasizing the humanism of medicine. First-year students are welcomed into the UM family of physicians as they are symbolically pinned by alumni and academic society leaders. This year’s guest speaker is Norman Kenyon, M.D., an illustrious practitioner, researcher, and educator of medicine with a distinguished career as a surgeon spanning more than 50 years.

6:30 – 8:00 p.m.
Dean’s Reception
Schoninger Research Quadrangle

Dean Pascal J. Goldschmidt will host a casual dinner reception for all returning alumni, students and families following the pinning ceremony. Designated areas will be reserved for reunion classes.

*Biltmore guests will receive a shuttle schedule, campus map, and driving instructions upon check-in.
ADVANCES IN MEDICAL RESEARCH AND PATIENT CARE (CMEs)

Course Coordinator
Jeffrey S. Block, M.D. ’82

Dr. Block is the president-elect of the UM Medical Alumni Association. His educational background includes a dual undergraduate degree from Emory University, completion of graduate studies in International Healthcare Delivery Systems in London, England, and a medical degree from the Miller School of Medicine. He currently serves as voluntary assistant professor of Anesthesiology at the Miller School.

Overview
All three sessions of Advances in Medical Research and Patient Care are designed for general physicians who wish to learn about the most recent research and clinical treatments available at the Miller School of Medicine. Each session will be worth one AMA PRA Category 1 Credit.™

2013 Sessions
- Hemophilia 2013 – Symptomotology, Management and Research
- The Miami Project to Cure Paralysis – Scientific Update
- Interventional Oncology – Indications and Treatment Technology

Accreditation
The University of Miami Leonard M. Miller School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation
The Miller School of Medicine designates this activity for AMA PRA Category 1 Credit(s).™ Attendees should only claim credits that reflect the extent of their participation in the activity.

Disclosure and Conflict of Interest
All conflicts of interest of any individual(s) in a position to control the content of this CME activity will be identified and resolved prior to this education activity being provided. Disclosure about provider and faculty relationships, or the lack thereof, will be provided to learners.
SCHEDULE OF EVENTS - SATURDAY, MARCH 9, 2013

8:30 – 11:00 a.m.
Medical Campus Registration
Sylvester Comprehensive Cancer Center Conference Room 1301
1475 Northwest 12th Avenue
Miami, Florida 33136
Valet parking available

9:00 – 12:30 p.m.
Campus Tours
Student-guided tours of the medical campus are offered as an alternative to CME sessions. All tours will leave from the registration area.

Shuttle Service
Round-trip shuttle transportation will be available from the Biltmore Hotel to the medical campus. A shuttle schedule will be provided in your registration packet.

9:00 – 10:00 a.m.
Hemophilia 2013 – Symptomatology, Management and Research
Joanna A. Davis, M.D., is associate professor of clinical pediatrics and medical director of the Comprehensive Pediatric Hemophilia Treatment Center.
Description
This educational activity enables healthcare providers involved in the comprehensive care of hemophilia patients the opportunity to increase their understanding of the management of patients with the bleeding disorder.
Goals and Objectives
Participants will be able to discuss current evidence-based data and expert opinion on the use of prophylaxis in hemophilia patients, implement individual treatment strategies based on both evidence and expert opinion, and provide appropriate counsel and education for patients and their families.

10:15 – 11:15 a.m.
The Miami Project to Cure Paralysis - Scientific Update
Dalton W. Dietrich, Ph.D. holds the Kinetic Concepts Distinguished Chair in Neurosurgery, is professor of neurological surgery, neurology, and cell biology and anatomy, and scientific director of The Miami Project to Cure Paralysis.
Description
This lecture will summarize advances in the areas of traumatic brain and spinal cord injury. Our scientists have helped clarify injury mechanisms that now represent relevant targets for therapeutic interventions. State-of-the-art neurorehabilitation strategies are helping people regain function that is improving their quality of life.
Goals and Objectives
Participants will learn about the use of therapeutic hypothermia to target acute brain and spinal cord injury, hear about the Project’s human Schwann cell FDA approved clinical trial, learn about advances in the use of brain/machine interface strategies and neurorehabilitation approaches to promote functional recovery in people living with neurotrauma, and receive updates on the discovery science programs.

11:30 a.m. – 12:30 p.m.
Interventional Radiology
Govindarajan Narayanan, M.D., is chief, vascular/interventional radiology, associate professor of clinical radiology, and director of the Vascular/Interventional Radiology Fellowship Program.

Description
Interventional Oncology is an exciting area of advances in the world of oncology where minimally invasive procedures are done using imaging guidance such as CAT scan, Fluoroscopic X-ray or ultrasound to diagnose and treat both primary and metastatic cancer in various organs.

Goals and Objectives
Participants will learn the basics of interventional oncology treatment technologies, the indications for these procedures, and the impact of interventional oncology in the multidisciplinary management of cancer.

1:00 – 3:00 p.m.
Donor Recognition Scholarship Luncheon
Clinical Research Building
1120 Northwest 14th Street, 6th Floor
Miami, Florida 33136

Medical student scholarship recipients enjoy the opportunity to thank the alumni and friends who support them on an annual basis. All alumni are invited to join us as guests of the Medical Alumni Association.
SATURDAY, MARCH 9, 2013

6:30 – 8:00 p.m.
Alumni Reception
The Biltmore Hotel
Fountain Area

Alumni and guests are invited to enjoy a reception prior to the alumni banquet and reunions.

8:00 – 11:00 p.m.
Alumni Awards Banquet and Reunions
The Biltmore Hotel
Country Club Ballroom

11:00 p.m. – 1:00 a.m.
Alumni After-party
The Biltmore Hotel
Danielson Gallery

Dance the night away at the Alumni After-party.

SUNDAY, MARCH 10, 2013

Noon – 2:00 p.m.
Farewell Reunion Brunch
The Biltmore Hotel
Palme D’Or Restaurant

The farewell brunch is the perfect opportunity to say goodbye to your classmates.
